And we've tried so hard
To erase you
And we've tried so hard
To pretend you were dead

I walked the earth
Just to escape you
And now, I walk the earth
Just to touch you again

Come on down
My saviour, my failure
Come on down
My saviour, my failure

To save myself, I betrayed you
And these swollen lips
Whisper only for revenge

To spite myself, I became you
If I stop the lies
Will I see you in the end?

Come on down
My saviour, my failure
Come on down
My saviour, my failure

No don't let go, no, no, no
No don't let go

Oh, swimming through the red
With nothing up ahead
I cannot buy a friend
I came here to tell you
I miss you, I miss you

Come on down
My saviour, my failure
Come on down
My saviour

Come on down
My saviour, my failure
Come on down
My saviour

Would you come on down
My saviour, my failure
My saviour, I failed you
