"Keep Time"

The future we will wear
Is cut into fine new lines
Some stick and
Some flow
Some align
Side by side

We're past our sense
Past the consequences
We're past the fear
We're through the mirror
We project a win
We protect our skin
An eye on fate
Like any good nation

We
Keep breathing
Keep feeling
Keep time
Keep your mind
Don't give a fuck
About what we say
Long as we
Keep time and
Keep mind

The future we will wear
Is cut into fine new cloth
Some work and
Some walk in a circle
Some align
Side by side

We're past our sense
Past the consequences
We're not paranoid
I don't think
We're paranoid
We project a win
We protect our skin

No worry for us
We sing in a chorus

And
Keep breathing
Keep feeling
Keep time
Keep your mind
Don't give a fuck
About what we say
Long as you
Keep time and
Keep mind

So let the dawn take
Us there to break it
So we can slow it
So we can soak it in

Check the ground
Check the sound
Erase the sun and
Brace for a new one
