I'm an Aries, and you're a Libra  
We should be so incompatible  
But each time you touch me, I know that we're an  
exception to the rule

Your folks and mine, oh they both agree  
That you don't belong with me  
But they can't live our lives for us  
Only you and I can decide  
Our future or our fate

Chorus:  
Can we come and share in love (I just wanna know, girl,  
come on)  
Love, love, love, let's share in love  
Odds are we will stay in love  
Stay in love (Let us stay in love, come on, now)

Now I'm a man, and you're a woman  
That is all love needs to make it grow  
So if we can deal with each other, I don't care what  
people may say  
I don't care what they might say, no, no, no-o-o

Since the beginning of the history of man  
Love and romance has always been  
An important part of the master plan  
But only you and I can decide  
Our future or our fate (fate)

Chorus:  
Can we come and share in love (people say that our  
love won't last but the stronger the heartache the  
greater the task)  
Love, love, love, let's share in love (I just wanna love  
you...)  
Odds are we will stay in love (yes we will...we're gonna  
stay in love)  
Stay in love (Oooh)

Can we come and share in love (can we, can we come

and share in love, can we share, can we share, my  
baby)  
Love, love, love, let's share in love (give love, give love,  
give you love...mmm can't you hear me beggin' &  
pleadin'...baby)  
Odds are we will stay in love (yeah, yeah, yeah)  
Stay in love

Chorus to fade
