GIRL (WHY YOU WANNA MAKE ME BLUE)

WRITERS

EDDIE HOLLAND

NORMAN WHITFIELD

I love you girl, with all my heart and soul.  
I can't understand why you treat me cold.  
Your every wish, girl, is my command  
And that's why I can't seem to understand why,  
Girl, girl, girl why you wanna make me blue?  
I'm askin' you girl, girl, girl why you wanna make me  
blue?

One day you say you love me too.  
The next day you tell me that we are through.  
My love for you is just a game.  
But each time we play, girl, my heart feels the pain.  
Girl, girl, girl why you wanna make me blue? Oh  
Girl, girl, girl why you wanna make me blue? So blue  
[Instrumental]  
Woo girl, girl, girl why you wanna make me blue? (Make  
me blue)  
Oh girl, oh girl, oh girl tell me why can't you be true?  
(Can't be true)

The way you treat me it just isn't fair.  
You make it so plain you just don't care.  
You have a ball around town.  
Sleepless nights are getting me down.  
Girl, girl, girl why you wanna make me blue?  
I'm askin' you girl, girl, girl why you wanna make me  
blue? Baby  
Girl, girl, girl why you wanna make me blue?
