I could never love another (After Loving you) Lyrics

girl i can't believe my ears  
are you really telling me goodbye  
see you're taking away  
my reason for living  
and you won't even tell me why  
before you walk out the door  
there's something i want you to know

that i could never ever love another  
after loving you  
oohoo  
no other love will i share  
cause none can compare  
after loving you

it was only yesterday  
your words are still fresh in my mind  
baby you said  
long as the rivers flow  
each day you'd love me more  
now you wanna leave me behind  
Listen baby  
I don't know what it's gonna take to make you stay  
I just know i've got to find a way

cause i could never never never ever love another  
after loving you  
oohoo  
no other will i share  
cause none, none can compare  
after loving you

so baby please saty beside me  
I need your sweet love to guide me  
Oh baby baby baby baby baby baby  
( i could never love another)  
ooooohhh after loving you  
( i could never love another after loving you)

baby baby baby it was only only only yesterday  
your words are still fresh in my mind  
i remember you said  
long as the rivers flow  
each day you'd love me more  
now you wanna leave, leave me behind listen baby  
I don't know what it's gonna take to make you stay  
i just know i've got to find a way

I could never, never never never ever love another  
after loving you  
ooohooo  
no other love will i share 'cause none, none can  
compare after loving you  
oooooh baby, on my bended knees i'm beggin you to  
stay here with me

oooh

Ooooooh  
Baby baby baby baby  
I could never never ever never ever love another  
after loving you  
ooohoooo  
no other love will I share cause none can compare  
after loving you.
