It's the way you kiss me
When we're walking down the street
It's the way you whisper (Oh Yeah)
When you're drifting off to sleep
A certain way you touch me; the way you say hello

(Chorus) Baby it's the little things that make me love
you so

The way you pour your coffee
In the early morning light
The way you call my name out
In the middle of the night
Lay in bed for hours; listening to The Temptations on
the radio baby

(Chorus) Baby it's the little things that make me love
you so baby

Girl you know I love you

OOO(Love
you oh Baby)

Instrument Breakdown

Oh it's not the memories
Or all that we been through
It's not the distant dreams; that keeps me coming back
to you
Oh it's not the promises; oh that keep me warm at night
It's just the every day, it's just the safe house, it's just
the home sweet home

OOO(Aw
baby, aw baby ooooooo)

And when we're old and gray
The kids have gone away
And we're alone together
I'll turn to you and say baby

There's something I've got to tell you aw baby
I think I know you know (I know you know)

Baby it's the little things that make me love you so

God knows I love you

It's the little things, the little things, the little things

I wanna say girl girl girl I love the little things you do
Girl girl girl I love the little things you do (Aw baby; the
little things)
