Well he specializes in talking trash;
Calls himself the worlds biggest spender,
but ain't never got no cash
The clothes he wears are second to none
He's a jack of all trades and master of none
Agrees with everything he knows nothing about
So he doesn't feel left out
Secondary are the things in life he really wants
Being in his thing so he got to keep up his front
Plastic Man, trying to get over any way he can
Plastic Man, trying to get over any way he can

He's a self preservationist yes he is
Let me hear you say yea, yea, yea
And a super conversationalist yes he is
Let me hear you say yea, yea, yea
Well he always borrows, never lends
He says you know me man, I'm with him let me in

Says he is willing to stick through thick and thin
But when the chips are down you can find him if you
can
Plastic Man, Claim to fame he has none
Friends in this world maybe one
He may be just another face in the crowd
Giving another brother five and talking loud
Plastic Man, trying to get over any way he can
Plastic Man, trying to get over any way he can

Ooooo
You know he does a little dipping and dabbing
In the game they call back stabbing
You better stop your fantasizing
Start to a ba boo boo realizing
Black is black and white is white
Wrong is wrong and right is right
trying to get over any way he can
Plastic Man, trying to get over any way he can
Plastic Man, trying to get over any way he can
