You got a smile so bright
You know you could have been a candle
I'm holding you so tight
You know you could have been a handle
The way you swept me off my feet
You know you could have been a broom
The way you smell so sweet
You know you could have been some perfume
Well you could have been anything that you want to
And I can tell
The way you do the things you do

As pretty as you are
You know you could have been a flower
Your good looks was a minute
You know that you could have been an hour
The way you stole my heart
You know you could have been a cuckoo
And baby you're so smart
You know you could have been a schoolbook
Well you could have been anything that you want to
And I can tell
The way you do the things you do

You make my life so rich
You know you should have been some money
Baby you're so sweet
You know you should have been some honey
Well you could have been anything that you want to
And I can tell
The way you do the things you do

You're really swep me off my feet
You make my life complete
You make my life so bright
You make me feel alright
