Fight the fight of winning isn't working anymore.
Tell me something I don't know cause I'm gonna to hit
the floor.

Take me back through my life now, the time when I first
fell in love with you,
I fought you then and I fight you now, in this battle that
rages within.

And now what else can I do? I'm sick and tired of
hurting you I surrender now I gain your truth.
Cuz all I ever wanted was something to need, but I
need you. And all I ever wanted was something to
bleed but I bleed you

Second time around tells me everything I've found was
useless my ways and ways would be. No.

And now, what else can I do, surrender never felt so
true and that's the reason why I live for you. Cuz all I
ever wanted was something to need
But I need you, and all I ever wanted was something to
bleed but I bleed you.

So I will not back down to what you call me to give up
for you,
I will not back down to what you call me to give up for
you.
