I'm on that shit again nigga, rest in peace to my g's
We gonna live again nigga
May their soul risen, when I start spitting
Keep the devil off me, when I'm blowing in the 6
Angels walk with me, pop the corp with me
My lady say I'm crazy, at night they talk with me
I'm insane, in the membrane
The big homie burning fuel, but I'm out here burning
octane
Switching lanes in that big boy,
You know it's 17 shots loaded up in that sick boy
And we're for real about our moves
You niggas playing real like a fake pair of boobs
Ain't got compare me to who
Anything I cop is by the 2, I got deja vu
Fronting up up in the shit I've ever been about
Before this rap shit, I ... caught up in the house

It's the shit I sit back and think about
Rolling back to back, steaming out
They told me I would never get a hand
And before 21 I'll prolly end up dead
Cause I'm bout that life, that wife
All day all night, pistol held tight
Looking for which one of these things are using
Making that pay of ... you know the movement

Shout my niggas doing time
For the love of money we fell in love with crime
Yeah, fuck them niggas understand
We was sweating under ... when shit hit the fans
These niggas raise they right, live up they rights
We was trying to move the weight, just get shit right
I ...that sugar's alright
As soon as you hitting the street, you back on your feet
We gonna make another move and the cycle complete
Long as we all get involved, we all gonna eat
It's for the family only, nothing else matters to me
So fuck a bitch, you know I happily marry the streets
And I just came up with a plan, to deal looking love
Soon as I get the paper, we doing all the above

Flying private, kicking it with the pilot
Couple of bad bitches, all my niggas invited

It's the shit I sit back and think about
Rolling back to back, steaming out
They told me I would never get a hand
And before 21 I'll prolly end up dead
Cause I'm bout that life, that wife
All day all night, pistol held tight
Looking for which one of these things are using
Making that pay of ... you know the movement X 2
