Day and night divided,
Two worlds torn apart.
I'm standing in your shadow,
I wonder where you are.
This is my confession,
This is my heart burning down,
Giving out and taking me over.

So far away,
I don't know where I am.
So hard to take,
You slipped right through my hand.
With so much left unspoken,
Unopened, I'm broken.
I'll be waiting here for you...

There's nothing here to cling to,
Nothing more to prove.
I'm walking on a wire
With nothing left to lose.
If this is where you want me,
This is where I'll be,
Holding out 'til you come back to me.

So far away,
I don't know where I am.
So hard to take,
Knowing I'm alone again.
Trapped inside a moment,
I'm frozen, torn open.
I'll be waiting here for you...

'Cause I'm falling, I'm falling, I'm calling out,
I need you near me now, keeping me safe.
You can break it or fake it or take it in,

I wanna start again, take me away.

Come and take me away...

Take me away...

I'll be waiting here for you...
