

The Tic Tok Men "Decomputerization"

Visit "[Decomputerization](#)" on MotoLyrics.com

We cleanse the power grid around you
Surround you
We're taking action chanting slogans
No Computer

Citizen we call you now with madness
This method
Join us now and we will give you power
In numbers

Take control exploding code with data
And shrapnel
When it's time the cause is blind
No Mercy

And no computers!

Decomputerization!

We moved the front lines now behind us
More of us
We've set the timer now it's ticking
Feel the future

Decomputerization!
It's time!
Decomputerization!
