Track your number
Take my time
Cellular transmission going live
Tower ground to satellite
Will I contact you tonight

Transmission
Testing,
Testing one,
One-two

Tuning on your frequency
I think you're getting through to me
Flying past me high above
Will I contact you my love

Transmission
Testing,
Testing one,
One-two

Tuning on your frequency
I think you're getting through to me
Flying past me high above
Will I contact you my love
