There's a comfort in knowing just for  
Once exactly what'll take to be enough for me the  
knowledge  
Is now it's impossible to have the fear resides in me  
that it  
May never be so why exhaust the effort I know that it'd  
waster  
Precious time and energy not much that I can spare  
and I  
Hate to sing these songs an days these words the  
truest  
Emotions I have my thoughts have been stripped bare  
but I  
Was that sucker the one born every minute didn't count  
the  
Hours or seconds that wouldn't fade away if I had only  
known  
I would've savored every minute counted countless  
seconds  
Since you went away.
