Who missed the point of being
Misfits? Let me know if you
Were never really with me on
This. How many theories does
It take to suck out a part of
Me that's being sterilized
And sold off piece by piece.

So when did this manipulated
Mythology of appeal emerge to
All the assholes who pitched it
To themselves? I don't want
To look at everything that I
Listen to.

It's a mistake guided by the
Fame sponsored by the name
Choking on the ring.

Here's a message for the broken
Hearted sophist who's given
Upon meaningful refrain.
Are you certain that the
Motion is going through you
And it's really not the other
Way around?
