Took a part today in the rise to fade
Four corners in the state crumbled down in disarray
with my
Teaspoon filled with the hybrid cure for the prolonged
inventory
Of my has been fury you're either leavers or you take
Down this painful stand alone existence how can we
wait to
Start it all gain procuring my experience but it's bound
to
Fail as my memories are tainted oh I've walked all day
and
I'll talk all night but when it's all said and done will we
still be
Here you know I always hope so.
