Say were gonna leave this|100 miles an hour| We could
if we could just stay| But I don't know how
Say were gonna jump sh**| 100 time a day| I only got
to know you| And I will honor our way
Say were gonna leave this| There's a fool on the road|
But say what we've been missing| Before we have to go
This could have been perfection| If we had a been
since| But we have to do this| And so we started art
again
[chorus] So give it back| Give it back| Gimme back my
high five| High five gimme back my boots| Gimme back
[2x]| Gimme back my life| Life gimme back my boots|
Give it back| Gimme back| Gimme back my name|
Name give it like you should| Give it back| Gimme
back| Gimme back it all| All I'll kill you if I could| Hey!
Say we gonna get here| You made my life misery| But
when I went to count the paper| You weren't I threw up
in the sea| But specialty a copy| Because you dirty and
as I'm I| I should've taken off my glasses and see the
way that you life
[chorus] So give it back| Give it back| Gimme back my
high five| High five gimme back my boots| Gimme back
[2x]| Gimme back my life| Life gimme back my boots|
Give it back| Gimme back| Gimme back my name|
Name give it like you should| Give it back| Gimme
back| Gimme back it all| All I'll kill you if I could| Hey!
Hey you| hey| Hey you
