Morning came through my window  
Didn't stop to say hello  
Quickly made way for afternoon  
Afternoon stuck around  
Only 'till the sun went down  
Suddenly I'm staring at the moon

Monday came and went so fast  
Barely noticed Tuesday pass  
Wednesday just couldn't stick around  
Thursday Friday Saturday  
What happened to them I can't say  
I'm losing time and losing ground

(cho)  
Where'd it go  
The time that I had  
Where'd they go  
The plans that I made  
Once upon a time was like an ocean before me  
Now it's like a bottle full of rain

Today feels like yesterday  
Yesterday's a mile away  
Don't believe tomorrow never came  
Tomorrow came weeks ago  
I don't have a thing to show  
All my life is still the same

The New Year began today  
Tomorrow is the end of May  
Indian summer's round the bend  
I'm moving at a crawl  
I still trip over fall  
I'm right where I started at the end

(cho)

Life can be funny  
When you're spending time like money  
Never saving for a rainy day  
You have to go and take it

You can't buy it you can't make it  
There ain't enough hours in the day

Constantly persistent  
Annoyingly insistent  
Can't be any other way  
Even as I kill it  
I can't seem to still it  
The rest of my life still slips away
