When I woke up I was just like you  
But in today's paper on page 22  
I'm right there for all to see me in my entirety  
No longer will I live in relative obscurity  
You know the famous girl I'm with from movies and TV  
The blurry guy beside her is obviously me  
Look a little closer behind and to the right  
Now everybody knows that I was out with her that night

And now my time has come  
I've got the world on the run  
My problems have come to an end  
I'm an unidentified friend  
Unidentified friend

Fame and fortune's bound to come how will I spend it  
all  
My fans will mob me when I go to the mall  
Dark glasses and a hat should be first things that I buy  
Or will my fans see through that - maybe I won't try  
I'll give you my unlisted number pager number too  
But when I'm on a movie set my agent will take care of  
you  
I'll be on all the talk shows, and game shows galore  
I'll even go to parties with Charro and Zsa Zsa Gabor

I just can't understand it not a single call  
I've waited by the phone for days and it hasn't rung at  
all  
Except for my landlord who says I'm overdue  
The bills keep stacking up what am I gonna do?  
Could it be they didn't see my picture after all?  
Would they run it again I'll give them a call  
And while I'm at it I'll call my famous friend  
Maybe she'd hang out with me then the wait would end
