"Lazy Love"

If we're friends this week, that means I'll see you on the weekend
Maybe Saturday night at your favorite place to let your hair down
We're lying all over the floor, like always
Like knowledge, I'm key and you're the corresponding lock
Well, we sing on the way but we dance when we get there
We sing on the way but we dance

I bet my vision that I know you better
Than the clothes serving as your bedroom floor
You only want me when it's trendy, girl
Still like lazy love on summer afternoons
I'm slowly chasing after you

Now I'm all excited and I can't sit still
I've gotta do it better
You want it from me faster
Count on time not catching up
Trust the proverbial sun won't set upon our dreams and the things we want to be
Well, we sing on the way, but we dance when we get there
We sing on the way, but we dance

I won't try to change your mind
That's not my style
I just let it happen naturally
You happen to be of the most inspiring people
It makes me believe everything you say
