Last night I felt that strangest feeling again
The one where I'm so sure it's you I'm searching for
I'm not about to be so all about her now
This kind of commitment is entirely different than
anything I need
Or even want right now

Don't be so pissed I'm new at breaking hearts
But I can see through this it ends before it starts
I feel the same but I'm just to scared to try,
Because I've already run out of tears to cry
And now I realize I'm not ready to stop having fun,
'Cause I have so many nights ahead to fall in love

Mistakes were made in different frames of mind
Forget what I said in the heat of the moment
Don't think that I don't care for you at all
But I can't see myself here around this time but next
year
It's just that I don't want this to feel so right

Don't be so pissed I'm new at breaking hearts
But I can see ends before it starts
I feel the same but I'm just to scared to try,
Because I've already run out of tears to cry
Now I realize I'm not ready to stop having fun,
'Cause I have so many nights ahead to fall in love

I know how it feels

Don't be so pissed I'm new at breaking hearts
But I can see ends before it starts
I feel the same but I'm just to scared to try,
Because I've already run out of tears to cry
Now I realize I'm not ready to stop having fun,
'Cause I have so many nights ahead to fall in love
(I have so many nights ahead to fall in love)
