Doctor stopped me from drinking, boys, I can't smoke  
no more

Doctor stopped me from drinking, boys, I can't smoke  
no more

And I can't see no peace, seem like nowhere I go

Oh, doctor, doctor, you know I got a lot of faith in you

Oh, doctor, doctor, you know I got a lot of faith in you  
I'd trust you everywhere

But it hurt me so bad, when you say if I took another  
drink, nothing you could do

Oh, doctor, doctor, I ain't dranked in a great long time

Oh, doctor, doctor, I ain't dranked in a great long time  
(spoken: Bring us half a pint)

I'm gonna take a drink of this, if the good Lord don't  
change my mind

Now, look-a here, doctor, don't you know my mama's  
done gone blind?

Now, look-a here, doctor, don't you know my mama's  
done gone blind?

(spoken: I know her trouble)

I was doing the best I could but she wouldn't pay the  
doctor no mind

Oh, doctor, doctor, tell me what's my trouble now

Oh, doctor, doctor, tell me what's my trouble now

"If you take another drink, I bet they put you in the  
ground!"

(spoken: Doctor, you all right with me anyhow
