I dreamt a dream last night I never dreamt before  
I dreamt a dream last night I never dreamt before  
And when I woke up this morning, my trunk was setting  
outdoors

I didn't have no money, I couldn't find me no place to  
go  
I didn't have no money, I couldn't find me no place to  
go  
So that left me and my trunk, (setting) out in the cold

That was me last night, hoo, hoo, you drove from your  
door  
That was me last night, hoo, hoo, you drove from your  
door  
Why you wouldn't let me in, the reason I sure don't  
know

So that left me out here wandering up and down this  
old lonesome road  
So that left me out here wandering up and down this  
old lonesome road  
I'm just wandering, wondering, which-away must I go

Hmmmmm, my feets are near about froze  
Hmmmmm, my feets are near about froze  
I've been to a many house this morning, and won't  
nobody open the door
