Times has done got hard, work done got scarce
Stealing and robbing is taking place
Because tricks ain't walking, tricks ain't walking no
more
Tricks ain't walking, tricks ain't walking no more
And I'm going to grab somebody if I don't make me
some dough

I'm going to do just like a blind man, stand and beg for
change
Tell these tricking policemen change my second name
Because tricks ain't walking, tricks ain't walking no
more
Tricks ain't walking, tricks ain't walking no more
And I've got to make no money, I don't care where I go

I'm going to learn these walking tricks what it's all
about
I'm going to get them in my house and ain't going to let
them out
Because tricks ain't walking, tricks ain't walking no
more
Tricks ain't walking, tricks ain't walking no more
And I can't make no money, I don't care where I go

I got up this morning with the rising sun
Been walking all day and I haven't caught a one
Because tricks ain't walking, tricks ain't walking no
more
Tricks ain't walking, tricks ain't walking no more
And I can't make a dime, I don't care where I go

I got up this morning, feeling tough
I got to calling my tricks and it's rough, rough, rough
Because tricks ain't walking, tricks ain't walking no
more
Tricks ain't walking, tricks ain't walking no more
And I have to change my luck if I have to move next
door
