Ooh, ooh, ooh, ahh, ahh, ahh

My folks moved to New York from California
I should have listened when my buddy said I warn ya
There'll be no surfin there and no one even ca-a-ares
My woodie's outside
Covered with snow
Cold winds will blow now
New Yorks a lonely town
When you're the only surfer boy around

From Central Park to Pasadenas such a long way
I feel so out of it walkin' down Broadway
I feel so bad each time I look out there and fi-l-ind
My woodie's outside
Covered with snow
Cold winds will blow now
New Yorks a lonely town
When you're the only surfer boy around

Ooh, ooh, ooh, ahh, ahh, ahh, ahh

I feel so bad each time I look out there and fi-l-ind
My woodie's outside
Covered with snow
Cold winds will blow now.
New Yorks a lonely town
When you're the only surfer boy around

Ooh, ooh, ooh, ahh, ahh, ahh
Ooh, ooh, ooh
