Say, Jennifer
Your hips are doing things
That no one sees

And I'm in misery
'Cause your lips are killing me
It makes me scream

And if you see me in a photograph
Don't point it out
And if you hear me in another's past
That's not allowed
I am your worst memory
But I'll be your everything

Say, Jennifer
Are you into anything
Worth mentioning

And I'm in misery
And your words mean everything
It makes me scream

And if you see me in a photograph
Don't point it out
And if you hear me in another's past
That's not allowed
I am your worst memory
But I'll be your everything

Yeah, I'll be your everything

Don't stop for everyone
Leave it alone
Don't talk to anyone
You're on your own

And they'll say
Say

And if you see me in a photograph
Don't point it out

And if you hear me in another's past
That's not allowed
I am your worst memory
I am your worst memory, yeah, yeah
I am your worst memory
