They say everything can be replaced
Yet every distance in not near
So I remember every face
Of every man who put me here

I see my light come shining
From the west unto the east
Any day now, any way now
I shall be released

They say every man needs protection
They say that every man must fall
Yet I swear I see my reflection
Some place so high about this wall

I see my light come shining
From the west unto the east
Any day now, any way now
I shall be released

Standing next to me in this lonely crowd
Is a man who swears he's not to blame
All day long I hear his voice calling loud
Crying out that he was framed

I see my light come shining
From the west unto the east
Any day now, any way now
I shall be released

I see my light come shining
From the west unto the east
Any day now, any way now
I shall be released
