I think about my baby, a perfect little lady  
I think about her shiny golden hair  
I've never been a dreamer, but every time I see her  
I start to float away into the air  
Oh-oh, my little lady

You can make the sun and moon begin to shine  
And if you could have your way  
Everything would be fine  
It's no wonder for as long as I may live  
I will give all the love  
I am able to give

I wake up in the morning, without a single morning  
Before I finish yawning, she is there  
I think about my baby, a perfect little lady  
I think about her shiny golden hair  
Oh-oh, my little lady

You can make the sun and moon begin to shine  
And if you could have your way  
Everything would be fine  
It's no wonder for as long as I may live  
I will give all the love  
I am able to give

La-la-la...

(Repeat and fade)
