I've missin' all your kissin', baby  
Since you left me, I've been wishin', baby  
That you'll come back to stay  
And say that you'll be mine  
And tell me that you always  
Love me till the end of time

Now, you're wishin' all my kissin' poor and poor  
And now you know just what I've been waitin' for, what  
for  
You've been makin' eyes  
At all of other guys  
But now you're seein'  
Just how you've been hurtin' me

I've missin' all your kissin', baby  
Since you left me, I've been wishin', baby  
That you'll come back to stay  
And say that you'll be mine  
And tell me that you always  
Love me till the end of time

Love me till the end of time  
Love me till the end of time
