I walk along the city streets
You used to walk along with me
And every step I take
Reminds me of how we used to be

Oh, how can I forget you, girl
When there is always
Something there to remind me?
Always something there to remind me

Shadows fall, I pass the small cafe
Where we would dance at night
And I can't help recalling
How I felt to kiss and hold you tight

How can I forget you, girl
When there is always
Something there to remind me?
Always something there to remind me

I was born to love her
And I will never be free
You'll always be a part of me
Woah, woah, woah

If I should find to miss
The sweet and tender love I used to share
Just go back to the places
Where we used to go and I'll be there

Oh, how can I forget you, girl
When there is always
Something to remind me?
Always something there to remind me

I was born to love her
And I will never be free
You'll always be a part of me

When there is always
Something there to remind me

Always something there to remind me

Always something there to remind me

Always something there to remind me

Always something there to remind me
