Celebrating childhood dreaming
Taking in these waterfalls
Before the world got so deceiving
Before you thought you knew it all
The beauty of this scene was hidden
By every year gone by
And now you're thinking the forbidden
When you can't even cry
At least there's hope
Hope, until there's nowhere left to go
Hope, until there's nowhere left to go, no
Here you are, on a brick wall, shrinking
Drowning mist as the world walks by
A full moon over red lights sinking
To the clouds of a rusty sky
No more neurotic vision, it makes no sense at all
All you are is another victim
Jumping in these waterfalls
And there's no hope
Hope, until there's nowhere left to go
Hope, and now there's no time left to
Even let go
Can't even let go
Can't even let go
Can't even let go
Oh, until there's nowhere left to go
One day, everything lets you know
It leaves you naked and exposed
Ah yeah
And the fact that the sun's gonna rise
And the world's gonna spin
Only makes it worse
Hope, until theres nowhere left to go
Hope, until theres no time left to
Even let go
Can't even let go
Can't even let go
Can't even let go
Hope, until theres nowhere left to go
Hope, until theres nowhere left to go
Hope, now there's nowhere left to go
