Hello my name is Ishmael  
Forget the one about the whale  
I'll tell you of a broken-hearted sailor  
Maggie took my loyalty,  
I treated her like royalty  
What starts out with such promise ends in failure  
Oh my love I can't stand to be alone  
But I been drinkin' too much  
I better go home  
And I think here I'm better of alone  
But I been thinking too much  
I better go home  
All hail the Queen of cruelty  
She has duly been anointed  
These final word "her majesty" had to say  
"He who expects nothing never will be disappointed"  
Nothing's what she left me so I guess i'm OK  
Oh my love I can't stand to be alone  
But I been drinkin' too much  
I better go home  
And I think here we all stand alone  
But I been thinking too much  
I better go home  
Lie lie lie lie lie  
Lie lie lie lie lie  
A promise made to a tab unpaid  
It's home I wade to my bed unmade  
A fool to think that I could ever change her  
A king upon my barstool throne  
I vow to never drink alone  
I only drink with friends or total strangers  
We're all broken hearted here  
We're all broken hearted here  
We're all broken hearted here  
We're all broken  
Oh my love I can't stand to be alone  
But I been drinkin' too much  
I better go home  
And I think here we all stand alone  
But I been thinking too much  
I better go home  
I better go home

I better go home  
I better go home  
I better go home  
I better go home
