Baby, I'm below rising above
My unrequited love
And it's all I've been thinking of

I play association games
Interpreting things that you say
I struggle to get through the day

Love me cause misery loves company
It's a mystery why I let you do these things to me oh

Some days I can't get out of bed
Because of something you said
These things they can be misread

I've been scaring myself with my thoughts
Thinking about you a lot
Thinking we're something we're not

When I get lonely, I mean I really get lonely I need you
to

Love me cause misery loves company
It's a mystery why I let you do these things to me

Oh oh

Give me reason to live again
Give me reason to live again
Give me reason to live again
Give me reason to live again

When I get lonely, I mean I really get lonely
I mean I need somebody, I mean I only ever really
needed you to

Love me cause misery loves company
Love me cause misery loves company
It's a mystery why I let you do these things to me
But I let you do these things to me
Cause I let you do these things to me

Oh yeah oh yeah
