A man can be destroyed but  
Not defeated  
Even when he's lying black and blue  
Living on a faith above his ceiling  
Never going to know if it rings true

There's a voice inside that keeps him  
On the path of righteousness  
You can't break his stride  
Or change his mind  
'cause he won't second guess

I don't want to hear you say  
You will never change your ways  
Cause you know it's hard to tell  
When the river swells  
Will you wash away?

Running to the end of expectation  
Ready for the moment to arrive  
But the wicked world just keeps you  
Waiting baby it can bury you alive

You need something more to rest  
Assured or else your faith will die  
Like an anchor to the river floor  
When the crushing waters rise

I don't want to hear you say  
You will never change your ways  
'cause you know it's hard to tell  
When the river swells  
Will you wash away?  
Will you wash away?

Hear the restless river rise  
Sheer white waters causing compromise  
Doubting eyes, changing minds  
For everyone there comes a time  
Will you wash away?

Going back on all your allegations

Once saw enough you changed your tune  
Write your way out of the situation  
You've got to do what  
You have got to do

I don't want to hear you say  
You will never change your ways  
Cause we know it's hard to tell  
When the river swells  
Will you wash away?
