Under darker skies  
Weathered, weary eyes  
I won't let the rain get in  
But you've gotta let me in

After these hard miles  
I'll make it all worthwhile  
It brought me here so let's begin  
But you've gotta let me in

And maybe we'll make things alright  
For the rest of this bittersweet life

We come, we go  
Find love on the lonely road

If I knew your outs and ins  
And all your doubts and sins  
I could help you live with them  
But you've gotta let me in

I'm as lost as you  
But I know this much is true  
I could be your everything

But you've gotta let me in

And maybe we'll make things alright  
For the rest of this bittersweet life

We come, we go  
Find love on the lonely road  
We come, we go  
Find love on the lonely road

And maybe we'll make things alright  
For the rest of this bittersweet life

We come, we go  
Find love on the lonely road  
We come, we go

Find love on the lonely road  
Find love on the lonely road  
Find love on the lonely road  
The lonely road  
The lonely road
