I'd love to say  
Do you love me, but  
I'm as humble as a bumble bee  
I'd walk away  
If you come with me or  
I may crumble  
For all to see

I have the weather  
On my side

Hey, by the way  
Did you love me girl?  
The words I mumble  
As she leaves  
I'll be okay  
As long as you won't be burdened  
You don't fumble  
You don't grieve  
You don't think whether  
You don't think twice

You're so sober  
You only broke me  
You, only broke me  
Yeah, you're so sober  
You're so sober  
You only broke me  
You, only broke me

Yeah, you're so sober

Lay the blame  
Make it worthy and  
Sift through rubble  
For debris  
Cause nothings day begins  
I'm noticing lately that the  
When things trouble, we'll end the breeze

I have the weather  
On my side

You're so sober  
You only broke me  
You, only broke me  
Yeah, you're so sober  
You're so sober  
You only broke me  
You, only broke me  
Yeah, you're so sober  
Is this over?  
Or am I just crazy?  
I'm not crazy  
Yeah, you're so sober  
Sober yeah.
