Well, I'm a motherless child  
Lord, an I ain't got no friend at all  
I'm a motherless child  
Well, an I ain't got no friend at all  
I smile through my tears  
Some people think I'm havin' a ball

But when I had money  
I had friends for miles around  
Now, when I had money  
Lord, I had friends for miles around  
But since I spent all my money  
Lord, my friends all put me down

(harmonica & piano)

But that's alright  
I'll take life with a smile  
That's alright  
People, I'll take life with a smile  
For now I've gotten kind-a used to  
Well, a-bein' just a motherless child.
