So many things we never said
Before the Summer came to an end
Now there's nothin' but the
Wind swept sand and the rising tide
I want it like it used to be
I wanna hold you so desp'rately baby
If only I could turn back time
You'd still be mine

(Chorus)

I see you in the sunrise
Your kiss is on the wind
I hear the echoes of our desire
In the morning light
I feel you in the sunrise
Your warmth is on my skin
And I will always hold you
Close in the morning light
Of the sunrise
I find your footsteps everywhere
Where they lead I will find you there
And the seasons that forever change
Will lead you back.

(Chorus)

I see you in the sunrise
Your kiss is on the wind
I hear the echoes of our desire
In the morning light
I feel you in the sunrise
Your warmth is on my skin
And I will always hold you
Close in the morning light
Of the sunrise.
I try so hard to forget you and me,
I close my eyes and you're all that I see.
Tears that fall through my hands
Are lost in the sand like sweet memories
That wash to the sea

(Chorus)

I see you in the sunrise
Your kiss is on the wind
I hear the echoes of our desire
In the morning light
I feel you in the sunrise
Your warmth is on my skin
And I will always hold you
Close in the morning light
Of the sunrise
I see you in the sunrise
Your kiss is on the wind
I hear the echoes of our desire
In the morning light
I feel you in the sunrise
Your warmth is on my skin
And I will always hold you
Close in the morning light
Of the sunrise
I see you in the sunrise
Your kiss is on the wind
I hear the echoes of our desire
(Fade out)
