You think the whole world's looking at you I'm sure they are and that's because you're such a hero I caught you when you were unaware Walked in to find you slowly messaging your ego

You seem to think you're it - I'm sure it's so fun You think that you're the - To feel like number one But we don't mind a bit Oh can we both come over tonight and turn out the light

Kiss me kiss my sister maybe that's what you're into You can't say we're boring Wake up tomorrow morning and wonder what hit ya 'cause I didn't miss ya I can resist ya go, go kiss my sister

We share our clothes, our shoes, our guitars so why not share a boyfriend Gives us a break from you Our self esteem don't depend on you Oh it's so big your ego we know we can handle it

Do you think you'll feel used - You know it's so fun To see you so confused - Are you still number one Now you've got more to lose Oh can we both come over tonight and turn out the light

Kiss me kiss my sister maybe that's what you're into You can't say we're boring Wake up tomorrow morning and wonder what hit ya 'cause I didn't miss ya I can resist ya go, go kiss my sister

You want me, you want her, we want you There's nothing you can do 'cause we're gonna have you You love you, we love you, you'll use me, she'll use you Wait a minute who's using who

I'm sure it's such fun - To feel like number one Oh can we both come over tonight and turn out the lights

Kiss me kiss my sister maybe that's what you're into You can't say we're boring wake up tomorrow morning Kiss me kiss my sister maybe that's what you're into You can't say we're boring wake up tomorrow morning

And wonder what hit ya 'cause I didn't miss ya I can
resist ya go, go kiss my sister
