Everything is great
You will love me forever
We're lyin' in the grass, smiling at each other
Then the moment is lost forever
Stayâ€¦ but you want to run away
You want to run from the world
Leave me here to wait
You say one day I'll understand

You think you know what you want, but you're lost
You think that you're so mature, but you're not

When are you going to
Know what I'm going through?
Am I enough for you?
Make up your mind
What are you searching for?
I cannot go anymore
This isn't right
Make up your mind

I look into your eyes
And they promise a lifetime
Underneath a tree
Fall in love with me
Can't the moment just last you never?
Sayâ€¦ When I wanna be together
You leave me all alone
'Cause you never know
If maybe there's something better

You say you know that you're right, but you're not
You say you know where you stand, but you're caught

When are you going to
Know what I'm going through?
Am I enough for you?
Make up your mind
What are you searching for?
I cannot go anymore
This isn't right
Make up your mind

Everything is great
You will love me forever
We're lyin' in the grass smiling at each other
Then the moment is lostâ€¦
