Wherever did you found this place,
I travel now for days and days.
It's very cold and uninviting,
Feels that I'm not wanted here.
You said your world was torn apart,
By the one who won your heart.
But I will never let you down,
I'm waiting on the edge of town.
On the edge of town,
On the edge of town.

You say you're marked upon your face,
Fighting with the small town ace.
How many times I have to say,
These people they don't like to change.
You've been a friend to start no other,
Respected you just like a brother.
For I will never let you down,
I'm waiting on the edge of town.
On the edge of town
On the edge of town
Yeah, I'll be here, yeah
(Don't you know)
(Living in this small town, you wanna come on home)

You found it hard to make ends meet.
Oh, I heard you get back on your feet,
For I will never let you down.
I'm waiting on the edge of town.
On the edge of town
On the edge of town, yeah
I'll be here, yeah
(Don't you know)
(You gotta come on home)
(Long way to home)
