Won't you come and see me  
The circus is here  
But the colors are sleeping  
Home, I'm not sure  
Cause the only thing keeping us warm  
Is our fur  
Don't you worry  
I'm not okay with this  
Hearts stay warm for you  
Hello you look lovely  
But the stars are not looking at you  
They are looking at me  
Heaven, I'm not sure  
But we're stumbling, stumbling drunk  
As rain clouds for sure  
Don't you worry  
All this time  
All this time  
I'm not okay with this  
Hearts stay warm for you
