Yeah yeah yeah yeah
Ooooh, ooooh
If we make each other happy, then we just can't lose

I don't mean to be decadent
I might sound like a hedonist
But the simplest way I can put it
You become a habit
The more I consume, the more I gotta have it

Ain't no such thing as too much
If you gave me everything it'd never be enough yeah
My black coffee with sugar no cream in the morning
You're my super double caffeine dream yeah

Your precious darkness got me so strung out
Aand lovin' the way that you got me so wide open, my
babydoll
Jonesin' and fienin' under my skin
My nerves are screamin' when you're not here
See baby I need ya sugar, you're so delicious

There is somethin' about your love
That makes me just want to open up
Your flavor is the sweetest thing in life
I'm addicted to your chocolate high
Cause I want you, and I know that you want me
So let's stay close like we supposed to be
And just get high off our own supply
I'm addicted to your chocolate high

I be trippin' in so many ways if I
Go a single day without a taste of your love
The finest cuisine of today's world
Five stars, oh you're so gourmet girl

I crave you, I want you
Every cell in my body needs you
Tasty like hershey's and nestle
You're rich like godiva boy you just so sexy

There is somethin' about your love
That makes me just want to open up
Your flavor is the sweetest thing in life
I'm addicted to your chocolate high
Cause I want you, and I know that you want me
So let's stay close like we supposed to be
And just get high off our own supply
I'm addicted to your chocolate high

Your flavor is the sweetest thing in life
And I don't ever want to come down
I'm addicted to your chocolate high
Oh yeah

There is somethin' about your love
That makes me just want to open up
Your flavor is the sweetest thing in life
I'm addicted to your chocolate high
Cause I want you, and I know that you want me
So let's stay close like we supposed to be
And just get high off our own supply
I'm addicted to your chocolate high

There is somethin' about your love
That makes me just want to open up
Your flavor is the sweetest thing in life
I'm addicted to your chocolate high
Cause I want you, and I know that you want me
So let's stay close like we supposed to be
And just get high off our own supply
I'm addicted to your chocolate high

There is somethin' about your love
That makes me just want to open up
Your flavor is the sweetest thing in life
I'm addicted to your chocolate high
Cause I want you, and I know that you want me
So let's stay close like we supposed to be
And just get high off our own supply
I'm addicted to your chocolate high
