Close your eyes, the light of love will lead the way.  
In the eyes of a child were all the same, and we are all  
Gods children the logic is so simple.  
The one you call stranger is really your brother.

Love don't start with the eyes it starts with the eyes  
yeah.  
Look deep down inside.  
You know that you have a chance to make a choice to  
make  
A change so make the choice to look with the eyes of  
your heart.

No, I don't mean to preach.  
Some may say that it's unrealistic cause none of us is  
perfect.  
But the way that i see it what if you just tried this world  
through different eyes.  
You'll see what is done to me is done to you we're all  
one humanity.
