### "Hope We Survive"

Every day I'm working hard  
It's like I'm calm because I asked for it.  
Every night I'm back to sleep  
Lock me up from the bitter week.  
Hope we survive  
I love you all.

All in all I trust this place  
and maybe I'm scared  
but who ain't.  
It's bad for my heart  
It's bad for my head  
It's bad in my legs  
I'm staying in bed  
It's bad for my lungs  
It's on the tip of my tongue  
and I'm getting tired  
baby at it alone.
