Loosen Up

Lyrics by R. Egan; Song by J. Stasio/R. Egan

Loosen up

No one's expecting you

No need to rush on up the line.

Fall back in

No time for suffering

Count every passing string of light.

Don't believe

What everybody sees

You got no business serving them.

Hold the rope

By the front of your teeth

It's gotta give eventually.

Spending time

Inevitable light

Will welcome you.

No matter what you will go through.

It welcomes you.

Oh trouble you could cut it loose.

Loosen up

Find a friend

Till every drink that's in the place

Is at its end.

You belong

To no one

And when you finally realize

You're whole again.

Whole.

Spending time

Inevitable light

Will welcome you.

No matter what you will go through.

It welcomes you.

Oh trouble you could cut it loose.

You're workin' the beat
After all
And nothing comes easy.
You will spend your life
Burning for it.
You were born
and you'll die all worn out.
I'm sure.
