The sun goes down
Playing hide and seek.
The evening shade
Kisses on your cheek.
You wash that cold moonlight
Into your hair.
What could be done
To change your fucking mind?
That prince been asking
For your hand all night.
Go through the thunders
Of erupted fire
Just for you.

The Limbo of Sasha Ipei.
Know our dawning love
Will never fade.
Deep in perdition for a
Million days.
Know I'll wait for you.

Just say his name
Resurrect his soul.
Take down your curtain
Make your heart a home.
Oh let electric lamp light
Warm your hair.
You whisper lies
And you'll break his trust.
Tip toe the bridges
Don't unchain his love.
You bear the heart
Of a million day
Love affair.

The Limbo of Sasha Ipei.
Know our dawning love
Will never fade.
Deep in perdition for a
Million days.
Know I'll wait for you.
