Wasted On You
Song/Lyrics by: R. Egan

I could say that you're right
I could say that I love you wrong.
You can step out of light
Cos no matter how far you've gone
I'd offer you my lonely call
To come on home.

I'm a year older than the man I left behind.
Gettin' sick of the days
That keep me up all night.
But it's something
And that's more than I could say
A year ago.

Everything that begins as mystery
Ends in doubt.
Yeah this place it hurts me too
But we can work it out.
But if not, then we'll go
To the hills, to the shore
I don't mind.

Yeah I'd offer you my lonely call
To come along.

Wasted on you
Because you are the only thing I could do.
All things combined
I'm up from the ground
Skyscrapin' my mind.
Wasted on you
I can't shake it off
Or maybe I don't want to.
Oh baby you were right
Oh baby you were right
Our love it won't let us down.
