To see you happy, makes me smile.
I finally found what I was looking for.
When we're together I'm alive,
And now I'm begi'n you don't walk out that door.
No one but you knows me like you do
And I don't wanna through it all away.
I want you to stay..
(Chours:)
I show you my love, I give you my world
I never want to let you go.
Because I feel what you feel
Our love is for real.
Cause that's what love is all about.
I wanna show it, shout it out.
We'll always be together you and I.
My heart's crying without you.
I feel you even when you're miles away.
There's a bound between us.
Don't you know?
And the feeling is getting stronger day by day.
Noone but you knows me like you do
And I don't wanna through it all away.
I want you to stay..
CHOURS
Little darling you know it's true what they say,
About love (love).
It's getting stronger day by day
Day by day
CHOURS
