When I went shopping, never wanted toys  
Things like that were for little boys  
My momma bought me clothes from my favorite store  
Pray, mum...

I wanna wanna be a male model!  
I wanna wanna be a male model!  
I wanna wanna be a model!  
A model!

I read women's magazines for fashion scenes  
I could tell ya all the prices for pounds and pents  
You're minds made up, you can afford to buy new  
clothes  
You're never going to change, just say "I'll take gold!"

I wanna wanna be a male model!  
I wanna wanna be a male model!  
I wanna wanna be a model!  
A model!

I'm afraid I acquire things second hand  
Or clothes that must belong to another man  
Trousers up and down and say "Here's your gold"  
Anything cheap I don't want to know!

I wanna wanna be a male model!  
I wanna wanna be a male model!  
I wanna wanna be a model!  
A model!

I wanna wanna be a male model!  
I wanna wanna be a male model!  
I wanna wanna be a model!  
A model!

MODEL! [x2]
